

Speech to District 3450 DRFS
Saturday, 5 November 2005

Assessment and Evaluation of 2005 DRFS

RRFC DENS

My dear Partners in Service 2005-06

Do you think this Seminar is good or not?

Before answer this question, I remember our PRIP Bhichai Rattakul said "*Bottom up*" means that for us, the leadership of Rotary, it will be far more important **to see** than **to be seen**, far more important **to listen** than **to be heard**, and far more important **to love** than **to be loved**. "

So I invite all of you with me together to evaluate. "Bottom up" to listen your thought, because I am your friend. As I to be your friend I must tell you a secret in my heart.

I like wine, especially red wine. My favorite red wine is Bordeaux from France. The quality of Bordeaux red wine is depends on 4 elements,

"Vintage, AOC, Age and Class".

Now we can also use these 4 elements to judge this 2005 District Rotary Foundation Seminar good or not.

1. Vintage –

2005-06 is a great beginning to a second century of Service; so we call it *-Rotary Centennial-Plus*. In this meaningful year not only has a so humble RI President but also has an outstanding DG Peter Wan & Convener PDG Gloria Cheng, DRFCC PDG John Wan. So, it's a good vintage for this District Rotary Foundation Seminar. Do you agree? If agree say "Yes". If don't. Say "No"

2. AOC (it means appellation origin control)–

District 3450 is a wonderful origin. It located in Hong kong, Macau & Mongolia, with different weather and culture in big territory but have a same warm friendship and excellent leadership. This is a great place, so it is a great AOC. Do you agree?

3. Age –

As I know that the formation of D345 in 1960. This district is 45 years old. It's a mature age which enough for us to know how to share our wisdom, how to share our wealth, how to share our power and how to share our enterprise. Do you agree?

4. Class –

The class for red wine is rated as, **“good, very good, excellent and outstanding”**. In the past few hours, this District has impressed me very much. Now let's together to evaluate this District Rotary Foundation Seminar, from above many viewpoints

Do I say “Good”,?

Of course No. I never think about “Good”, and “Very Good” isn't suitable. When I would like to say that **“Excellent”** that are not enough for me to describe this fantastic Seminar.

Do you think which word would be the perfect word for this successful District Rotary Foundation Seminar?

Our answer is **“Outstanding”**

In this outstanding District Rotary Foundation Seminar, I must say thanks to an outstanding person.

Your District has a very humble, distinguished and honorable Aid PDG Jason & charming leady Rebecca who makes Becky & me, our visit to your district a very pleasant and memorable experience.

Thank you! My Mentor, Rotary Foundation Alumni Coordinator, PDG Jason & charming leady Rebecca,

We are talking about those fantastic special programs & outstanding District Rotary Foundation Seminar & a very humble, distinguished and honorable Aid PDG Jason. At last I want to make sure that does your district have a wonderful leader?

So let me to ask all of you that is your District Governor Peter wan a wonderful leader?

If yes, Please give him a big hand.

But just only a big hand for a meaningful year's governor is not enough.

Could we have a test?

When I say “Governor Centennial” and then you say “Plus’.

For 3 times to let me know how do you support your governor?

I know DG Peter is really leading your District now.

Now We have to say the 2005 District Rotary Foundation Seminar is an outstanding Seminar.
